# 24th MEETING OF THE STANDING COMMITTEE

4 July 2024, Virtual Meeting Format

# REPORT OF THE SECRETARIAT ON FINANCE AND ADMINISTRATIVE ISSUES

Prepared by the UNEP/AEWA Secretariat

### Introduction

At the 8th Session of the Meeting of the Parties (MOP8) in September 2022, the core budget for 2023-2025 was adopted through Resolution 8.12.

The Secretariat reported on financial and administrative matters at the 23<sup>rd</sup> Standing Committee Meeting (26/27 June 2024) for the period 1 January 2023 – 12 June 2023. To complement the report delivered at MOP8 the Secretariat also presented the final expenditure situation for 2022 after closure of 2022 accounts and reported on all voluntary contributions received in 2022.

The present document focuses on the income and expenditures for the period 1 January 2024 – 31 May 2024 (-25 June with respect to the status of collected contributions). Moreover, it contains the final expenditure situation for 2023 after closure of 2023 accounts and reports on all voluntary contributions received in 2023.

### **Action Requested from the Standing Committee:**

The Standing Committee is requested to take note of the information provided in the report.

### 1. Staffing (January - May 2024)

For details on the staffing situation and organisation of the Secretariat please see the Report of the Secretariat (UNEP/AEWA/StC/24.6).

The current Executive Secretary will leave in 2025 due to mandatory retirement, and the grade for this position will need to be reconsidered when recruiting the new staff member. At MOP5, in 2012, it was proposed to upgrade the position of the Executive Secretary from P-4 to P-5 to comply with the UN classification, but Parties at that time did not approve the proposal due to budget constraints. It is difficult to assess the cost of such an upgrade in the situation of new recruitment. The current Executive Secretary has reached the last salary step (13) of his P-4 grade. This would be comparable to a P-5 step 4 position. Recruitment at P-5 step 6 level would cause an annual increase of approximately 5,000 EUR.

#### 2. Core Budget (AWL) - Overview of income and expenditure

#### <u>Income</u>

The assessed contributions 2023-2025 approved by MOP8 amount to 3,523,917 EUR. Since the adoption of the budget the Governments of Cameroon, Greece and Saudi Arabia joined the Agreement, which adds to the assessed contributions approved by MOP8. In accordance with Resolution 8.12 the contributions of the new Contracting Parties will be directed to the AEWA trust fund reserve. The Secretariat suggests using the new contributions against over-expenditures within the core budget, which are caused by higher salary scales introduced between 2022 and 2023 (shortly after MOP8), which were not anticipated at the time of budgeting as no information had been received by the Secretariat before MOP8 (see below – *Expenditures* (year 2023)).

Annex 1 summarizes the status of collection of annual assessed contributions from Parties as at 25 June 2024. Still, unpaid pledges amount to a total of 982,383 EUR, split up as follows: 560,068 EUR for 2023 and previous years, and 422,315 EUR for 2024. It should be noted that two major contributions for 2024 are expected in the next months, representing 256,380 EUR of the unpaid amount. Advanced payments for 2025 amount to 59,689 EUR. The Secretariat regularly reminds Parties with arrears to pay their dues and has been successful in individual cases; eight<sup>2</sup> countries from the currently 85 Parties have not yet made any payment since their accession.

#### Expenditures (year 2023)

Annex 2 shows the final expenditure situation for 2023 after closure of 2023 accounts. The available budget for 2023 reflects the budget adopted by the Contracting Parties through Resolution 8.12 on financial and administrative matters. The average exchange rate used from January to December 2023 was 0.925. Unfortunately, the total expenditures exceeded the approved budget by 94,309 EUR before programme support costs because of increased salary scales implemented by UNEP between 2022 and 2023 in response to the higher average living costs, especially in case of G-staff. Most over-expenditures caused by personnel costs during the budget period 2022/2023 are being compensated through savings from previous periods (which still reflect positively in Umoja), and part is being covered by the trust fund reserve, as approved by the Standing Committee Chair via correspondence of 28 June 2024 (USD 3,002.14 for the bi-annual period 2022/2023).

<sup>&</sup>lt;sup>1</sup> Advanced contributions for 2025 have been received from Algeria, Denmark, Ethiopia, Kenya, Lithuania, Portugal and Slovenia.

<sup>&</sup>lt;sup>2</sup> Including the latest accession of Saudi Arabia. Mauritania, which used to be one of these countries, paid for 2015 - 2022 in 2023.

#### Expenditures (year 2024)

Annex 3 provides an interim report of 2024 budget implementation as at 31 May 2024. The expenses made for staff over the past five months show again that the actual personnel costs are higher than foreseen at the time of budgeting. However, it should be noted that voluntary contributions for the African unit staff and the Species Officer have been pledged and are still to be used in 2024. A total amount of USD 127,446 is available for the African unit staff under the EC-funded GPGC and NDICI projects, which can be used in 2024 and beyond, as well as an amount of 45,000 GBP received from UK and earmarked for 2024. For the Species Officer, an amount of 79,224 EUR has been pledged by UK and the Netherlands to cover 50 % of the cost of the Species Officer post in 2024/25, in addition to a similar amount for 2023/2024 which is currently in use. With these voluntary contributions it should be feasible to fully cover the costs of the three posts which are partly depending on additional funding and to close the 2024 accounts with a fairly healthy balance.

#### *Trust Fund operating reserve*

In accordance with Resolution 8.12 the operating reserve is the working capital that must be maintained at a level of at least 15 per cent of the estimated annual expenditure or 150,000 EUR, whichever is higher. The Trust Fund operating reserve as at 31 May 2024 amounts to USD 823,795.31. The Secretariat wishes to point out that the figure regularly undergoes corrective actions for which reason it can only represent a snapshot of the reporting date.

### 3. Voluntary Contributions (AVL) - Overview of collections 1 January 2023 – 31 May 2024

In addition to the annual contributions paid by Parties towards the AEWA core budget (AWL), the Secretariat also received voluntary contributions from different Governments that were earmarked for certain activities. These voluntary contributions are managed in the separate Trust Fund (AVL). Annexes 4 and 5 summarize the voluntary contributions to the AVL Trust fund in 2023 and 2024 respectively. The pledged voluntary contributions amounted to 139,526 EUR in 2023 (Annex 4) and 88,385 EUR in 2024 (Annex 5). Those voluntary contribution have made possible the in-person TC18 and have contributed to the implementation of the Plan of Action for Africa, 50 % the post of Species Officer and other AEWA activities.

In addition, the UNEP/AEWA benefits from the EC-funded projects on (1) Global Public Goods and Challenges (GPGC) and (2) on Neighbourhood, Development and International Cooperation Instrument (NDICI) which are both managed under the CMS budget. The amount used for AEWA staff from the GPGC in 2023 is USD 85,145 and for 2024 from the GPGC and NDICI USD 127,446 in total.

The Secretariat would like to sincerely thank all Governments and organisations that have provided contributions to AEWA.
